Health Care Committee

Introduction:

Health Care Committee at DAVU ensures that students and staffs are provided with basic medical facility. It is the responsibility of the committee to ensure that health awareness and health care facilities are provided to the entire institution. The committee works to create the awareness among the entire fraternity which includes students, teaching and non-teaching staff.

Objectives:

- To create awareness about health consciousness in the institution.
- To build students' knowledge, skills and positive attitudes about health.

Responsibilities:

- To identify and assess any issue affecting health and safety of the staff and the students.
- To identify any discrepancy in the institution processes, or equipment, as well as its health and safety protocols and to rectify it.
- To attend any health and safety issues that the Committee determines are necessary or appropriate.
- To conduct health awareness program/seminars related to health issues.
- To organize medical/ vaccination camp (if required) at the campus.
